Mic Protector Case

Reliable protection for your valuable microphones.

Mic Protector Case

Reliable protection for your valuable microphones.

The Rycote Mic Protector Case is a supremely tough, water resistant case designed to carry and safely protect up to 3 small diaphragm microphones. Available in two lengths - 20cm and 30cm versions - this Case has been designed with location/production sound professionals firmly in mind. Durable, lightweight and practical, the Mic Protector Case is a really useful addition to your sound kit!

Features

- Fits up to 3 x small diaphragm microphones
- Super-robust tubular PVC case with heavy-duty outer coating material
- Supplied with three protective, telescopic plastic Mic Tubes
- Lightweight, webbed carry strap
- Handy lightweight carabiner for quick & secure fastening
- Water resistant zip-fastening system with easy pull toggle
- Suitable for a wide range of mics from 19-25mm diameter, and of various lengths (see website for mic compatibility).

Tough, multi-layer protection for your microphones.

You've always trusted Rycote to protect your audio from wind and handling noise – now we can help with protecting your precious (and valuable) microphones too!
